# Name and details of Promoters:

- Following are details of the promoters. Address of the Promoters is EL-37, Mahape MIDC, Mahape, Navi Mumbai 400710. 1. Mr. Nirmal V. Shah holds a degree in Economics and a Diploma in Business Management. He was the Vice-Chairman and Managing Director of Chembond Material Technologies Limited (formerly Chembond Chemicals Limited), a Demerged Company, until May 30, 2025. Following his resignation from this role, he assumed the position of Chairman and Managing Director of Chembond Chemicals Limited (formerly Chembond Chemical Specialties Limited), effective immediately thereafter. This transition marks a strategic leadership shift in alignment with the Company's restructuring under the Composite Scheme of Arrangement. He continues to be the Managing Director of Chembond Water Technologies Limited (wholly owned subsidiary of the Resulting Company). Mr. Nirmal V. Shah hails from the promoter family of Chembond being the son of the founder – Dr. Vinod D. Shah. Over his career spanning almost 30 years, he has held various managerial positions in the Company, its Joint Ventures and subsidiaries managing diverse businesses. His core strengths are in organisational management and strategy development.
- 2. Mr. Sameer V. Shah is a member of the promoter family of the Chembond Group of Companies and has held several managerial positions within the Company, as well as its Joint Ventures and subsidiaries. He holds a degree in Chemical Engineering. Mr. Sameer V. Shah has been serving as the Chairman and Managing Director of Chembond Material Technologies Limited (formerly Chembond Chemicals Limited). Under his leadership, Chembond focused on expanding its core businesses, including material technologies, industrial coatings and bio-based polyamides. With over 30 years of experience in the chemical and financial sectors, he has been instrumental in steering the company towards growth and innovation.
- 3. Mrs. Padma V Shah is a key member of the promoter family of Chembond Group and has been closely associated with the company since its inception. With a strong background in administration, she has played a pivotal role in supporting the company's growth and operational stability over the years. With a deep understanding of Chembond' values and long-term vision, she continues to play a significant role in reinforcing its organizational foundation.
- 4. Mr. Ashwin R. Nagarwadia is a seasoned technocrat with extensive experience in the manufacturing industry. Over the course of his distinguished career, he has held several senior leadership positions most importantly serving as the Chairman and Managing Director of Ingersoll Rand (India) Ltd. His vast managerial expertise and strategic insights have been instrumental in driving organizational strategy and operational excellence.
- 5. Mr. Bhadresh Shah holds bachelor's degrees in commerce and law. Associated with Chembond for 50 years, he has served the Company in various capacities and is currently a part of the Internal Audit Department of Chembond Material Technologies Ltd (formerly Chembond Chemicals Limited). Throughout his long-standing tenure, Mr. Shah has gained extensive experience in commerce, sales, procurement, and secretarial functions, and has led multiple departments, contributing significantly to the Company's growth and governance
- Name and details of Board of Directors (experience including current/past position held in other firms):

## J. Business / Business Overview and Strategy:

Chembond Chemicals Limited (formerly Chembond Chemical Specialties Limited) was incorporated as a public limited company under the Companies Act. 2013 and received its Certificate of Incorporation from the Registrar of Companies on December 12, 2023. Prior to the effectiveness of the Composite Scheme of Arrangement, the Company was a wholly owned subsidiary of Chembond Material Technologies Limited (formerly Chembond Chemicals Limited). Following the implementation of the Scheme, effective April 1, 2024, the Construction Chemicals ("CC") and Water Treatment ("WT") businesses have been demerged from Chembond Material Technologies Limited (formerly Chembond Chemicals Limited) and vested into Chembond Chemicals Limited (formerly Chembond Chemical Specialties Limited). The primary objective of the Company is to engage in the manufacture and sale of specialty chemicals and systems, particularly those serving the water treatment and construction industries. Our business is underpinned by a customer-centric philosophy, a strong focus on safety and regulatory compliance, and a steadfast commitment to sustainability - principles that shape our strategy for long-term growth and resilience in an evolving market.

Chembond Water Technologies (WT) is a leading provider of water treatment chemicals, systems, and services, with operations across India and select international markets. With nearly five decades of industry expertise, the company is recognized as a pioneer in India's water treatment sector. Our extensive product and service portfolio includes cooling and boiler water treatment, membrane treatment, raw water clarification, wastewater treatment, bioremediation solutions, and automated online monitoring and control systems. Our holistic approach to Total Water Management enables us to offer value-driven, sustainable, and integrated solutions tailored to the needs of Chembond Construction Chemicals (CC) provides a comprehensive range of specialized products for the building and infrastructure sectors. Our manufacturing operations

are supported by two company-owned plants and a network of strategically located toll blending facilities, ensuring efficient production and distribution. A central application and development laboratory at our Gujarat facility reinforces our commitment to innovation and product quality. Our solutions serve a wide spectrum of projects, including infrastructure developments such as highways, bridges, airports, and railways, as well as industrial and commercial construction. While we have a nationwide presence, our primary markets are concentrated in the Western and Southern regions of India.

The Company continues to explore new growth opportunities including in the Water Technologies and Construction Chemicals segments. By leveraging our technical evolving needs of our customers and stakeholders.

# K Reason for the Scheme:

Chembond Material Technologies Limited (formerly Chembond Chemicals Limited) and its subsidiaries, step-down subsidiaries and step-down associates, is a well-known name in India and is engaged in manufacturing a diverse range of specialty chemicals and products catering to an even more diverse set of customer segments. The Demerged Company has excellent infrastructure facilities like a well-equipped R&D laboratory, multiple regional offices, and production plants, well trained personnel and references across several business segments from the best-known companies in the field. The Demerged Company has come a long way and has evolved from being a fledging start-up to India's leading specialty chemicals manufacturer. The Demerged Company's several businesses carried on by itself and through its subsidiary and stepdown subsidiary companies and associate companies including the Construction Chemicals and Water Technologies businesses have significant potential for growth. The nature of risk and competition involved in each of these businesses is distinct from others and consequently each business or undertaking can attract a different set of investors, strategic partners, lenders, and other stakeholders. There are also differences in the manner in which each of these businesses are required to be managed. In order to enable distinct focus of investors to invest in some of the key businesses and to lend greater focus to the operation of each of its diverse businesses, Demerged Company has re-organized and segregated, by way of a demerger of its Demerged Undertaking and vesting of the same in the Resulting Company and subsequently, amalgamation of the Transferor Companies with the Transferee Company.

The demerger is expected to result in the following benefits:

- a. segregation and unbundling of the construction chemicals & water technologies business of the Demerged Company into the Resulting Company, which will enable enhanced focus on Retained Business the Demerged Company and Resulting Company for exploiting opportunities of each of their businesses;
- b. unlocking of value for the shareholders of the Demerged Company, attracting investors and providing better flexibility in accessing capital, focused strategy and
- c. logistics alignment leading to economies of scale for the Resulting Company and creation of sectoral efficiencies and benefitting stakeholders as well as optimization of operation and capital expenditure; and
- d, enhancing competitive strength, achieving cost optimisation, ensuring benefits through focused management of the financial, managerial and technical resources, personnel capabilities, skills, expertise and technologies of the Resulting Company and the Demerged Company thereby significantly contributing to future growth and maximizing shareholders' value
- The Scheme which involves demerger and amalgamation steps, is expected to deliver a streamlined business structure and the following benefits:
- a. it will lead to greater efficiencies in overall operations including enhanced economies of scale, cash flow management and unfettered access to cash flow generated by the combined business which can be deployed more efficiently for the purpose of development of businesses of the combined entity and their growth opportunities, eliminate inter corporate dependencies, minimize the administrative compliances and maximize shareholders value;
- b. it will provide for more productive and optimum utilization of various resources by pooling of the managerial, technical and financial resources for each business unit which will fuel the growth of the business and help effectively address the growing competition:
- c. it will result in a reduction in overheads including administrative, managerial and other expenditure, operational rationalization, organizational efficiency and optimal utilization of resources by elimination of unnecessary duplication of activities and related costs which will in turn promote maximization of stakeholders value; d. it will result in a reduction in the multiplicity of legal and regulatory compliances required at present to be separately carried out by the Transferor Company No. 1, Resulting
- Company, Transferor Companies and the Transferee Company; and e. in summary, the restructuring focuses on optimizing the operational structure to enable better focus, specialization, and efficiency across different business segments
- ultimately leading to increased shareholder value and sustained growth for the entities involved. The restructuring is in the interest of the shareholders, creditors, employees, and other stakeholders in each of the Companies.

## Q. Details of its other group companies including their capital structure and financial statements:

In terms of the SEBI ICDR Regulations and the Materiality Policy, Chembond Material Technologies Limited (formerly Chembond Chemicals Limited) is the only Group Company. The financials of the group company are available on our website www.chembondindia.com

## R. Internal Risk Factors:

- a. The Company was incorporated on December 12, 2023 and there may be certain uncertainties in the integration of the Demerged Undertaking into a newly incorporated entity, such as our Company.
- b. Our manufacturing operation is currently concentrated in three states namely Gujarat, Himachal Pradesh and Tamil Nadu. Consequently, we are exposed to risks from economic, regulatory and other developments which could adversely affect our business, results of operations, cash flows and financial condition. As part of expansion plans, we may enter new geographies and business lines where company has limited credentials.
- c. If we are unable to maintain and enhance our brand, our business may suffer, which would have a material adverse effect on our business, results of operations, cash flows and financial condition d. We are dependent on a number of key managerial personnel, including our senior management, and the loss of, or our inability to attract or retain such persons with
- specialized technical know-how could adversely affect our business, results of operations, cash flows and financial condition. e. Our Promoters and certain of our Directors hold Equity Shares in our Company and are therefore interested in our performance in addition to their remuneration and
- reimbursement of expenses.
- Our insurance cover may be inadequate to fully protect us from all losses and may in turn adversely affect our financial condition. g. Our operations are subject to various operational hazards, environmental, health and safety laws and other government regulations, which could expose us to the risk of
- loss of revenues and increased expenses or material liabilities.
  - Our business could be adversely affected by labour disruptions. We have substantial working capital requirements to finance the manufacturing business and may require

- ↑ Contingent liabilities of the subsidiaries is of Rs.4.63 Lakhs relating to Income Tax Demand for AY 2009-10 & Rs.11.92 Lakhs relating to disallowance of Input Tax Credit
- \* Davendra Feeds India Pvt Ltd has lodged F.I.R no.231/2022 dated 24th June 2022 with police station Safidon, Dist. Jind, Haryana against Chembond Material Technologies Limited (formerly Chembond Chemicals Limited), Mr. Sameer Shah its Chairman & Managing Director and 3 other current and ex-employees, with respect to damage caused by inferior quality of Products supplied in the year 2018-19. The Company has disclaimed liability and is defending the action. It is not practical to estimate the
- potential effect of this claim, as the matter is being currently considered by the Competent Authorities and Courts. \* Rajkumar Mor of Mor Hatcheries has lodged. F.I.R. no.004/2023 dated 4th January 2023 with police station Pillukhera, Dist. Jind, Haryana against one of our Distributors in Haryana and Mr. Sameer Shah, Managing Director of Chembond Biosciences Ltd, regarding alleged defective supply of vitamin premix. The Company has disclaimed liability and is defending the action. It is not practical to estimate the potential effect of this claim, as the matter is currently being considered by the Competent Authorities
- and Courts. \* Since both the matters are interlinked, they have been clubbed together and the litigations are going on at the High Court of Judicature at Punjab and Haryana.
- T. Regulatory Action, if any or disciplinary action taken by SEBI or Stock Exchanges against the Promoters in the last 5 financial years: No action has been taken against
- any of the Promoters in the last 5 financial years.  $\textbf{U.} \quad \textbf{Brief details of outstanding criminal proceedings against the Promoters:} \ \textbf{Please refer Point 'S'}$
- V. Particulars of high, low and average prices of the shares of the listed transferor entity during the preceding three years:
