Core Values

Customer First

We aim to prioritize customers by delivering value and delight for the money they invest.

Supplier Of Choice

Our objective is to become the "Supplier of Choice" for our customers.

Harness The Power Of Innovation

Our goal is to exceed customer expectations through continuous technology innovation and improved services.

Grow As We Go

We remain committed to learning and incorporating improvements on an ongoing basis, in line with global trends.

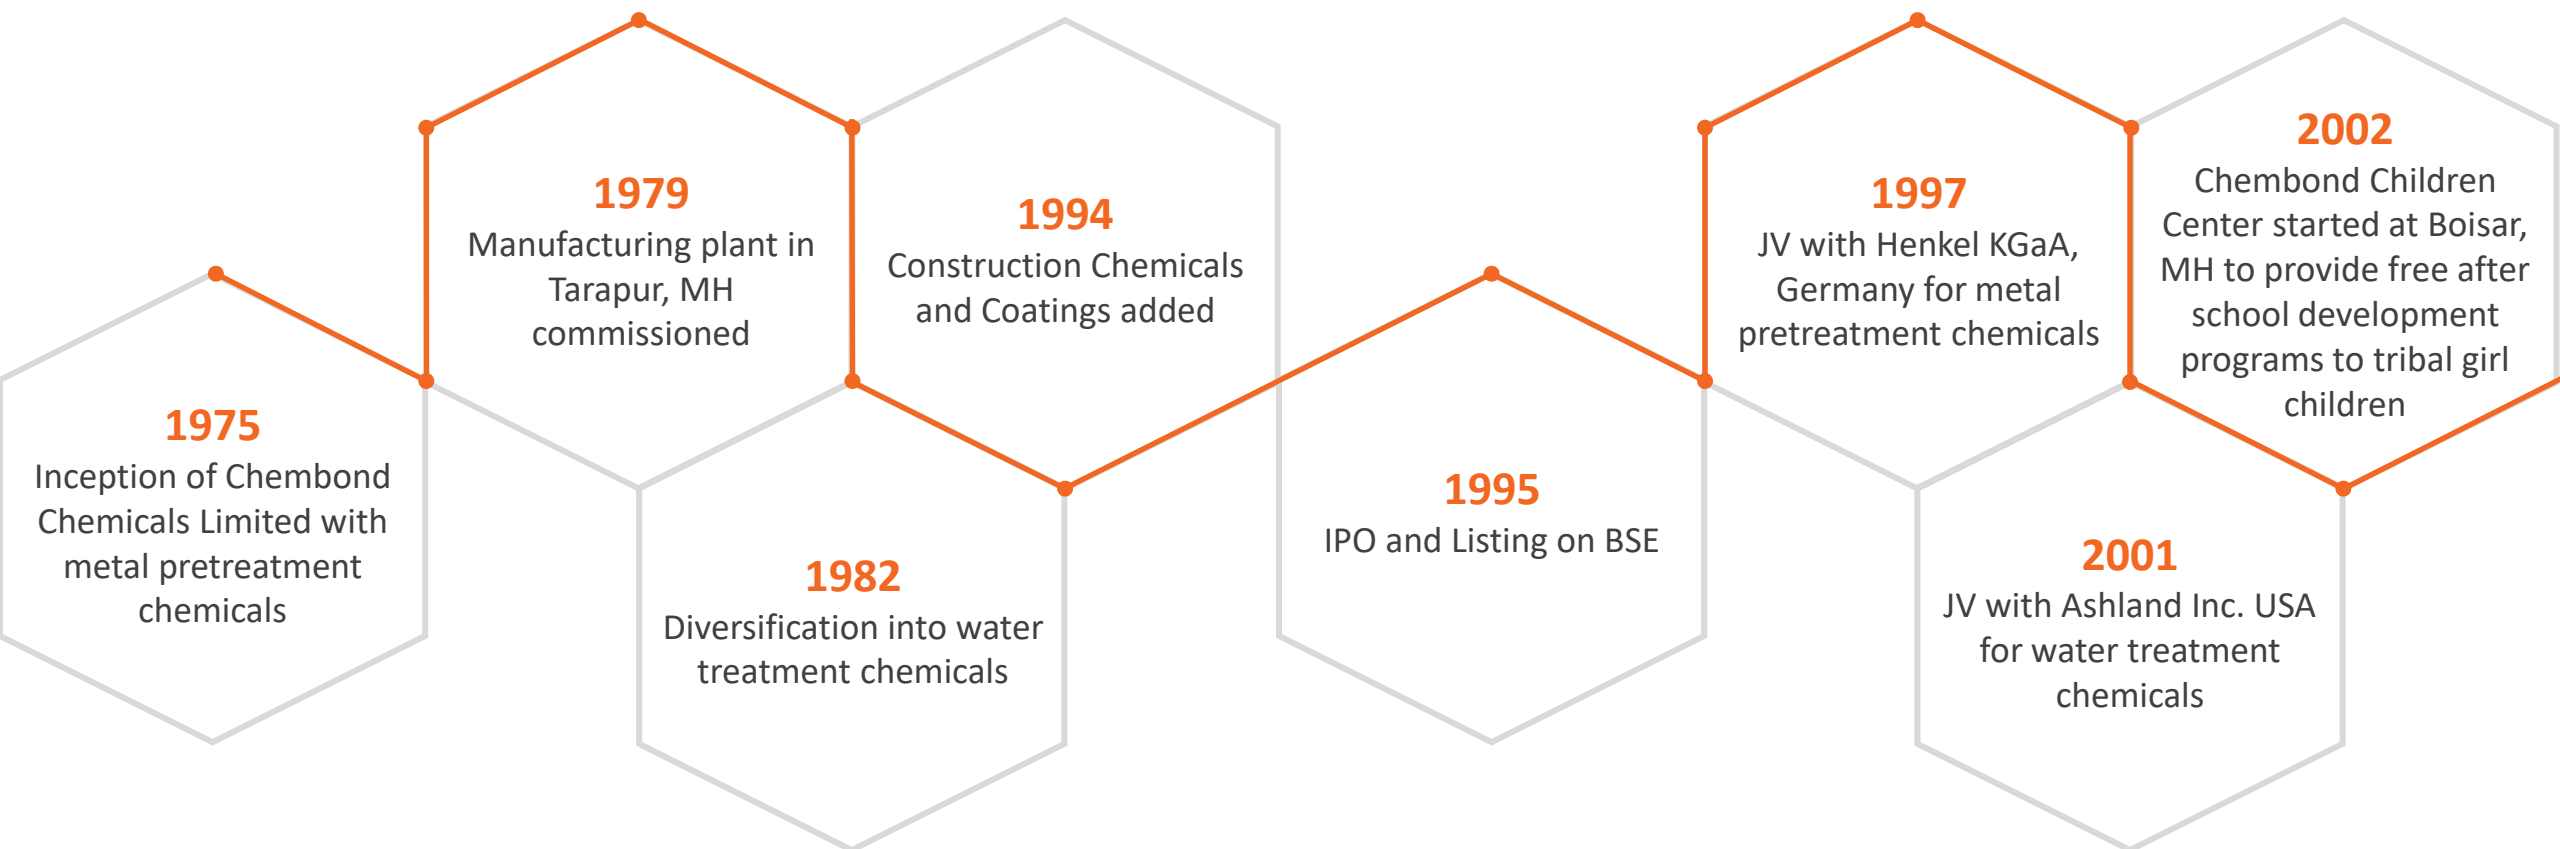

Set Higher Standards

We aspire to set new standards for product performance, service delivery and customer satisfaction.

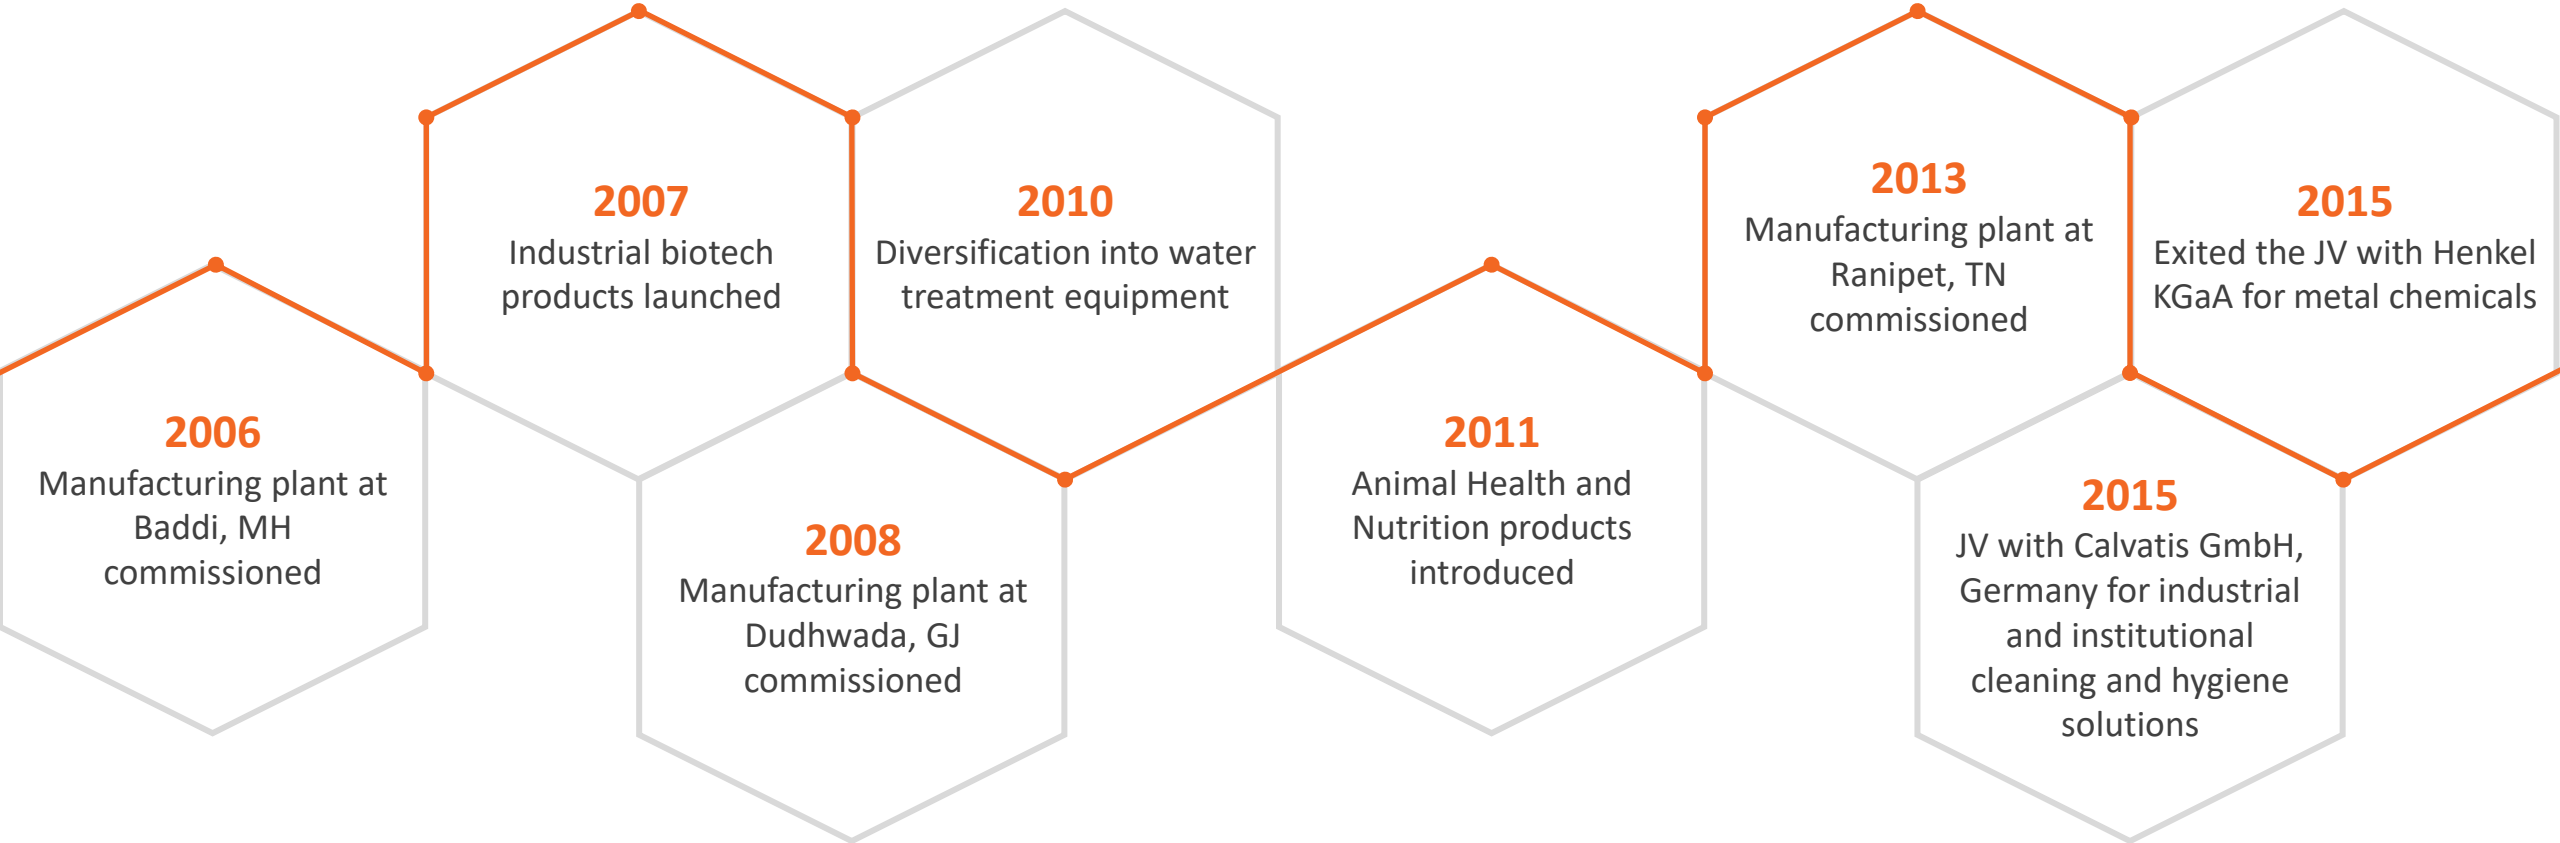

Partner Driven Mission

We consider our customers as partners and work towards achieving common objectives of higher quality, better value for money, and a friendlier environment.

Water Technologies

What We Do

Chemical Solutions

Our well-designed products effectively address issues and extend equipment life, maintain productivity, and conserve resources

Wastewater Remediation

Low cost and sustainable solutions

Equipment Solutions

Our solutions aid in the removal of suspended solids, dissolved solids, organic matter and gases from water

Services

Dedicated Technical Service Team. Online Monitoring, Feed Control and Reporting

Chemical Programs

Cooling Water
Treatment

Boiler Water
Treatment

Raw Water
Clarification

Effluent Treatment

Foam Control

Reverse Osmosis
Membrane Treatment

AHU Fin Cleaning

Drinking Water
Disinfection

Online Monitoring with Chembond FLUX®

Chembond Flux® enables YOU to efficiently manage your water treatment program

Optimize Your:

Water Quality

Water consumption

Chemical consumption

Operational costs

Benefit From:

24x7 remote monitoring

Pro-active anomaly detection

KPI based control

Auto alerts and detailed reports

Convenient Oxidizing Biocide

Oxidizing Biocide Program for Microbial Growth Control in Water

ChlorGen™ + BioChlor oxidizing biocide program

- Simple, safe and reliable
- Highly effective against biofilms
- Broad-spectrum biocidal action without risk of resistance development
- Instant, high yield in-situ reaction
- Scalable – treats a few liters to several cubic meters of water per day
- Consistently effective across all pH levels and water hardness range

**ChlorGen™
Reactor**

**BioChlor 100
Liquid**

**BioChlor 500
Powder**

Sustainable, All-Solids Treatment Products

All Solids Water Treatment Program

Kem Watreat MultiTab® and Kem Watreat MultiBric® solid products

- Concentrated products offering significant sustainability benefits
- Safe and convenient chemical handling – no spills, no leaks, no splashes
- Sustained and consistent release of actives to obtain better end results

Kem UniDose and Kem MultiDose solid product feeder

- No electricity consumption thus more sustainable
- Simple to install, self-contained modular units
- Uniformly dissolve and continuous feed of solid products

Our Competencies

- | Integrated solutions – equipment, bio-remediation and chemicals
- | Trained, Empowered and Dedicated services team
- | Pioneer in India for leading edge technology introductions:
 - ✓ Glassy Zinc Polyphosphate corrosion inhibitor
 - ✓ Chlorine Dioxide based oxidizing biocide
 - ✓ Multicomponent, concentrated product tablets for mid-sized water systems
 - ✓ Performance Based, self-learning monitoring and control automation
- | Excellent track record since 1982

Construction Chemicals

Chemicals for the Construction Industry

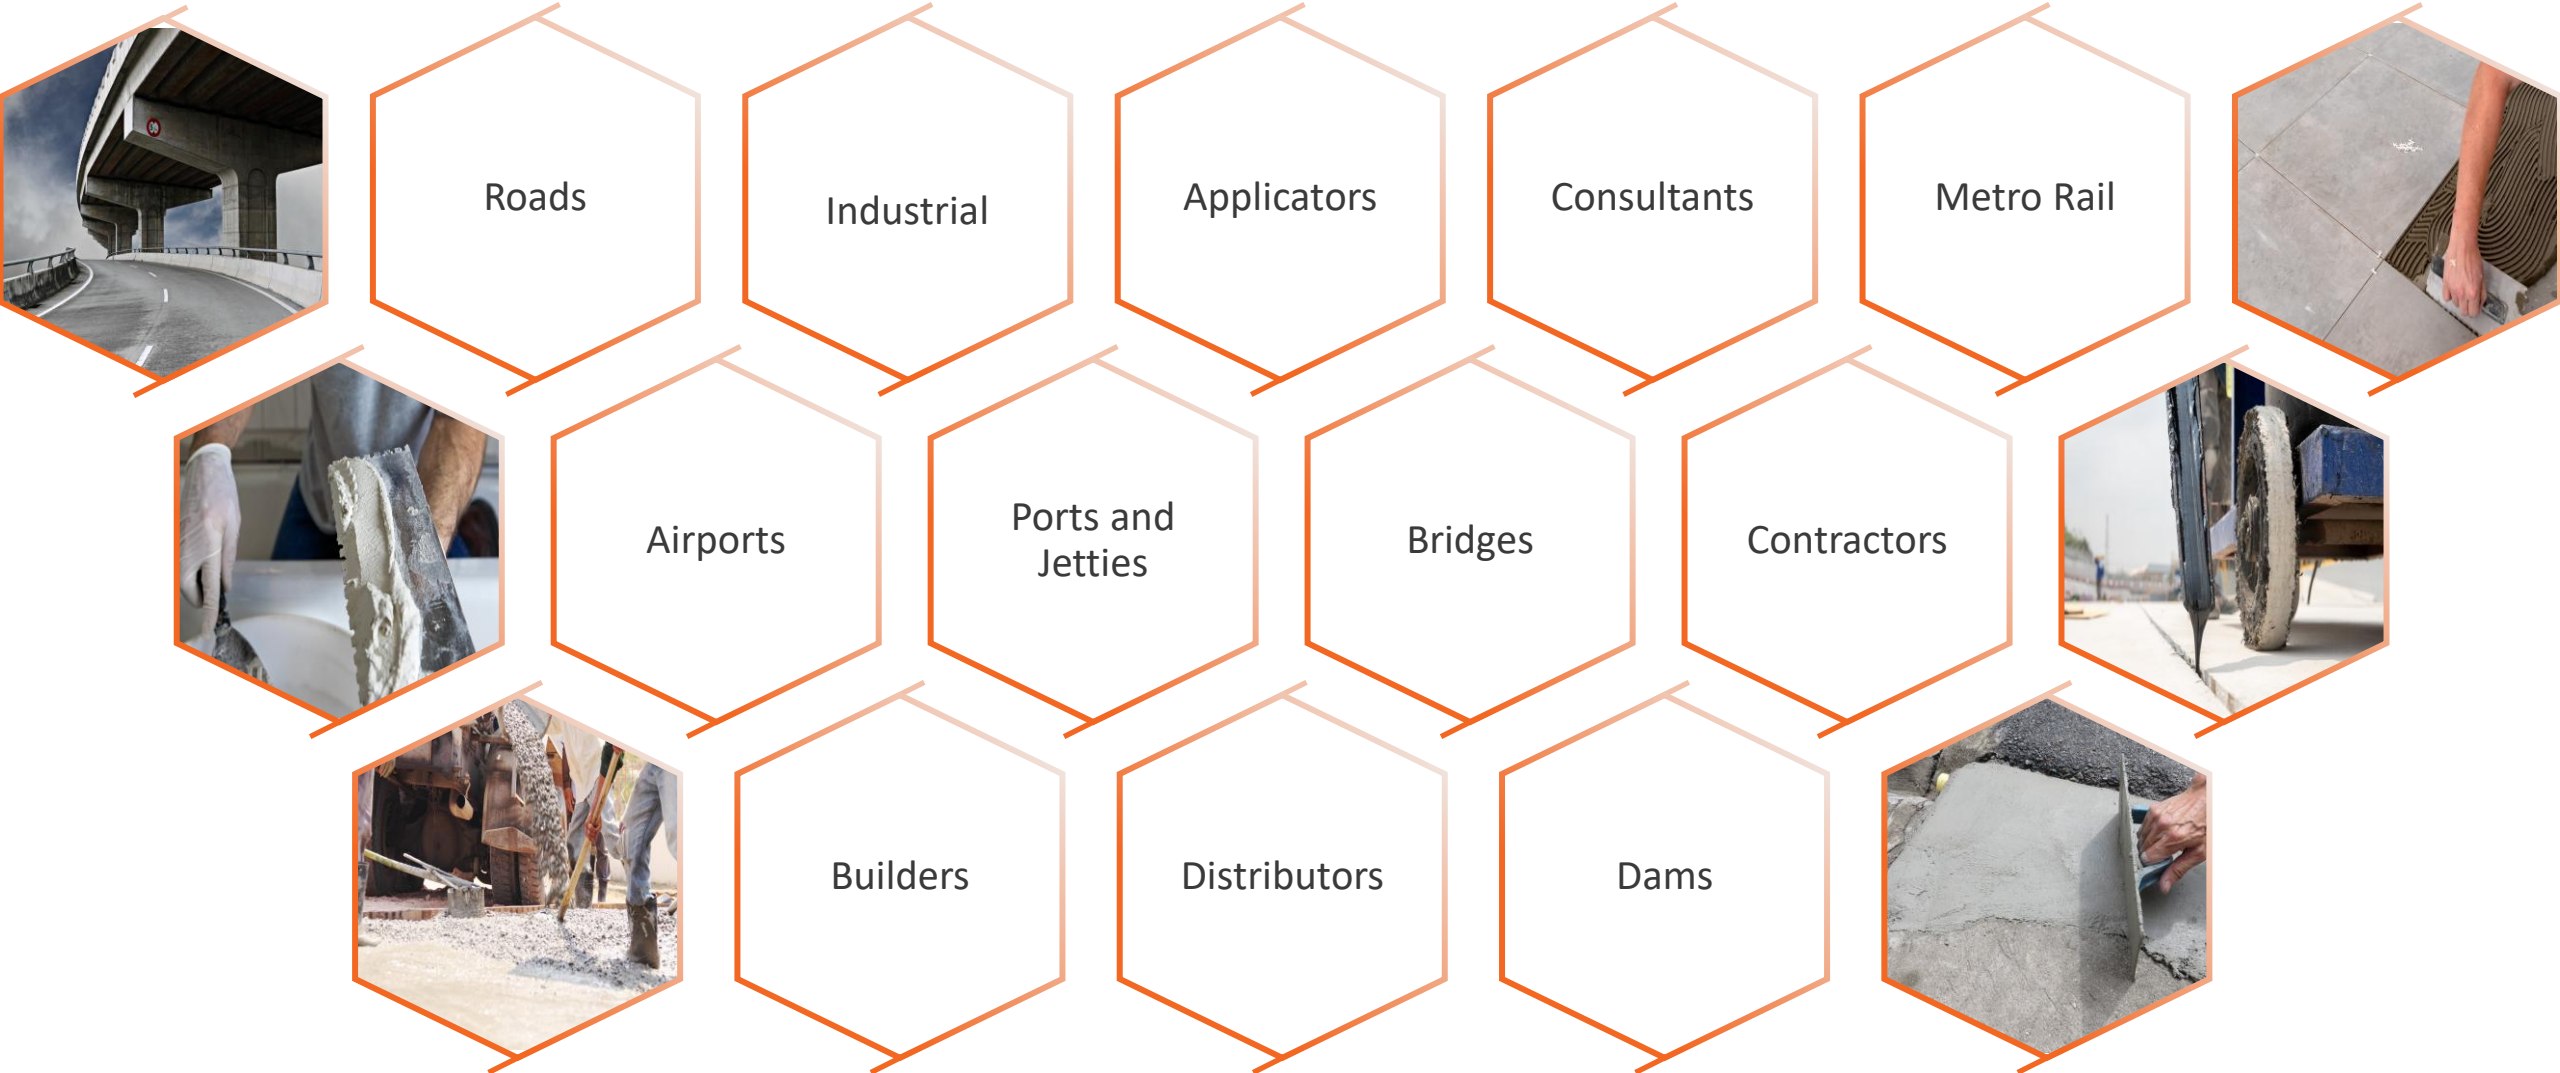

Infrastructure, Industrial, Institutional and Commercial

Product Range

- Admixtures for Concrete modification
- Sealants based on Polysulphide, PU and Acrylics
- Waterproofing solutions for under-construction and built-up structures
- Repair mortars for concrete roads, structures and floors
- Curing agents for concrete
- Grouts for heavy engineering equipment
- Tiling adhesives and joint fillers

Customer Segments

Cleaning & Hygiene

Cleaning & Hygiene Solutions

- A JV between Chembond and Calvatis GmbH, Germany
- Cleaning and hygiene products and systems for:
 - ✓ **Industrial applications** in beverage, food processing, dairy & brewing industries
 - ✓ **Institutional** applications in kitchens, laundry, and housekeeping departments

Industrial Solutions

Applications	Food processing	Beverage	Dairy

A large yellow hexagon is centered on the page. Inside the hexagon, the words "Chemical Distribution" are written in a large, white, sans-serif font. The background of the hexagon is a collage of images related to chemical distribution: an airplane in flight at the top, a large industrial storage tank in the middle, and a cargo ship at the bottom. The entire graphic is framed by a thin orange border.

Chemical Distribution

Specialty Chemicals Distribution

We import, stock and sell specialty chemicals

**Additives for
water treatment
chemicals**

**Additives for
construction
chemicals**

**Additives for
paints and inks**

**Polyurethane
primers, sealants
and coatings**

Why Chembond

Our Competitive Advantage

Giving Back to Society

Empowering Communities, Enabling Change

We are committed to **sustainable development** and responsibly addressing social, economic, and environmental challenges. To enhance the **quality of life** in under-served sections of our society, we prioritize:

Education

Medical Infrastructure

Child Nutrition

Clean Potable Water

Chembond Children's Center

25 years of establishing and operating a 100% self-funded after school center for the girl child!

Financial Information

Executive Commentary

Q1 2025-26

Consolidated Revenue from Operations of Rs. 65.38 crores	▲ 21.0% vs Q1 2024-25
--	-----------------------

Revenue performance of BU's	Q1 2024-25
Water Technologies	1%
Construction Chemicals	12.0%
Trading Division	19.0%
Industrial Hygiene	6.0%

+ Water, Construction and Industrial Hygiene showed growth vs Q1 prior year

- Trading Division was lower vs Q1 of prior year due to seasonal effect

Executive Commentary (cont.)

Q1 2025-26

Consolidated EBITDA of Rs.11.14 crores	↑ 21.0% vs Q1 2024-25
Consolidated PBT of Rs.9.80 crores	↑ 21.0% vs Q1 2024-25

Lower RM costs vs Q1 due to reduction in prices of major raw materials

Positive fair value of mutual fund investments continues

Revenue outlook remains positive across business units
